Workspace Kit

The Workspace Kit is designed to help you create a calm, distraction-free digital environment.

With curated visuals and organization tools, you can build a space that supports mindful focus and creative flow.

Included in the Kit:

- Wallpaper sets with neutral tones and natural light

- Icon packs with calming visual language

- Folder and workspace organization templates

- PDF guide for setting your digital ritual

Whether you're working from a cafe, your home desk, or anywhere in between - this kit helps you find visual clarity and inner balance. Your space begins with what you see.
